

Cassowary Coast Multi-Day

***River and estuary to rainforest streams & tropical islands
– experience the full spectrum of fishing in
Tropical North Queensland***

***All inclusive
Fly & Sportfishing Package***

Fishing the Tropics

From Jungle Creeks to Island Reefs

Explore the fishing diversity of Tropical North Queensland's Cassowary Coast. Over 3-4 days, each private charter is tailored to the daily conditions and your personal fishing goals – whether you fish with lure or fly.

Chase your first barramundi (or that elusive metre-plus trophy), skip-cast for mangrove jack, polaroid queenfish and GTs in the rivers, topwater fishing around tropical islands, or hike rainforest creeks in search of jungle perch and sooty grunter – this is the full tropical sportfishing experience.

*These trips are ideal for anglers wanting to mix it up or hone in on specific species or techniques: River & Estuary: Barramundi, mangrove jack, queenfish, tarpon, GTs
Inshore Bluewater (weather permitting): GTs, tuna, coral trout, mackerel
Backcountry Freshwater: Jungle perch & sooty grunter in rainforest streams
All gear is provided (or bring your own), and every trip is tailored to your skills, style, and interests. We guide everyone from first-timers to seasoned anglers – and pride ourselves on showing you a good time in one of Australia's most scenic and productive fishing regions.*
